**Dear Parent(s)**

Congratulations on attaining a placement for your child at the WA College of Agriculture - Narrogin. The Narrogin community and business people are proud of the educational and recreational facilities that are available within the town. The diversity of sporting and other facilities opens up so many possibilities for our youth. Whatever their needs and choices, they are sure to be catered for.

Whilst attending the College your child may require prescriptions to be filled, or they may require other chemist supplies. To this end we extend our invitation for you to utilise our services and open up a monthly account in your name.

To open an account, please complete the form printed on the reverse of this letter and return it to the above address. Let the College know that you have opened an account.

The trading terms are as follows:

1. Accounts are sent monthly and are payable before the end of the next month.
2. If another person purchases items on your child's behalf, a phone call or cover note from the College, your child or yourself is required.
3. For prescription purposes, please provide your child's Medicare details and any relevant Health Care Card and Pension numbers or private health insurance (ancillary cover) numbers.
4. All purchases charged to your account will have the till receipt, signed by the purchaser, kept on file. We like our processes to be as transparent as possible, mistakes sometimes do happen, so please do not hesitate to contact us in the event of a query.

We look forward to providing you and your child with friendly, caring attention and service. Please do not hesitate to give us a call if you have any special requirements or concerns that you wish to discuss. Also keep in mind that we regularly provide the services of two fully qualified Pharmacists that your whole family can utilise for our expertise at any time.

We trust your child will enjoy the time spent at the Agricultural College, finding reward in both academic and sporting achievements during their years in Narrogin.

Kind Regards,

Kristen Layman
