

2026 Open Day

Friday 11 September

Program *and* Map

Celebrating 120 Years of Excellence and Innovation
in Agriculture Education and Training

Welcome to the 2026 Open Day

The WA College of Agriculture - Narrogin has a long history of preparing highly motivated, confident individuals who are responsive to change and equipped for employment, further education and adult life. Through a holistic wellbeing approach, we empower a diverse group of learners from Year 10 to Year 12, as both residential and day students. Our curriculum is centred around agriculture and agriculture related trades, and we support, and are supported by, local primary industries and businesses.

We greatly appreciate the rural community in which we are situated who value and celebrate the successful work of our staff and students. The governance of the college is supported by the College Board and operational farming advice is also sought from the Agricultural Advisory Committee. The college also appreciates the ongoing assistance provided by the P&C (Parents and Citizens) group. Students are taught by dedicated specialist teachers and training officers, gaining theoretical and practical skills on our 1404 hectare farm and facilities.

Established in 1906, we are the oldest Agricultural College in the state, celebrating 120 years in 2026. Students from across Western Australia choose to study at our college due to our individual agricultural context, qualifications offered, expert teaching and training staff, specialised facilities and location.

Our annual Open Day is an opportunity for current and prospective parents and carers to view the college facilities and learn about how their child could benefit from being a part of this unique learning environment. Staff and students are available to explain how the college operates and to answer your questions.

I welcome you to the college and wish you a pleasant and informative day.

Joan Armstrong
Principal

20

PIGS

It's a short walk but they are worth it!

Hygiene measures we strongly encourage

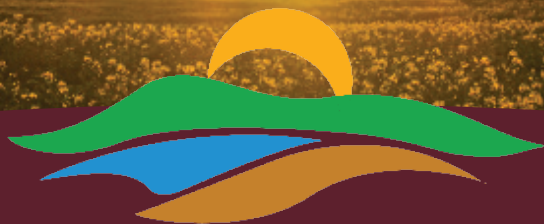

To ensure the safety and wellbeing of all our visitors, staff and students, we request that you support WACoA - Narrogin by sanitising when you enter each venue and at the sanitising stations around the campus, and washing hands regularly and thoroughly.

What did you think?

Please take a moment to share your thoughts by participating in a quick feedback survey. You can scan the QR code using your phone camera or QR Code reader, or visit this link:
